

Union Hill School Alumni Scholarship

On behalf of the Union Hill Staff, congratulations as you progress toward the completion of your senior year of high school! Though you graduated from Union Hill, you have not left our memories. It is our hope that high school has been a very positive experience for you and that you are currently making plans to continue your education.

As you may remember, we try our best to keep track of our graduates and wish them only the best as they prepare for their future. This year we are pleased to take a more active role in supporting former graduates by offering two one-time \$500.00 scholarships to Union Hill graduates.

These scholarships were made possible by contributions from faculty, staff, parents and members of the Union Hill community. They will be awarded in late May and will be paid to the recipient in the fall of 2018 when he/she shows proof of enrollment in any institution of higher learning. The scholarships will be awarded based upon the following criteria:

- Student has earned a 3.0 (or higher) cumulative GPA, on transcript
- Student has participated in extracurricular activities (e.g. sports, clubs, community service organizations, etc.)
- Teacher's letter of recommendation
- Student's letter of intent to continue his/her education

If you are interested in applying for the Union Hill Alumni Scholarship, please complete the district scholarship application and return it, along with an official copy of your high school transcript and letter of recommendation from one high school teacher.

In addition, and most important, please include a personal letter in which you let the scholarship committee know what your plans are for the future, how our scholarship would help you reach your goals, and how your experience at Union Hill influenced the person you have become.

Your application must be submitted to Kimala DeSena, the District Scholarship Coordinator and accompany your completed district scholarship application.

We look forward to hearing from you and wish you continued success as you finish your senior year!

Sincerely,

The Union Hill Alumni Scholarship Committee
