- **- Specify School Dept. Attention To**

Mission Statement: What Youth Bicyclists of Nevada County Foundation is about?

The Youth Bicyclists of Nevada County (YBONC) Foundation was developed to provide youths in the community an active participation through the sport of cycling, focusing on reducing foreseen obesity, cancer, and diabetes type illnesses as predicted in the next 20-30 years with today's youths. Our mission is to establish and facilitate a safe environment for young cyclists, and educate the values of nutrition and healthy lifestyles to help promote wellness. The organization is responsible for establishing goals that will:

1. Facilitate the values of cycling with healthy nutrition decisions for a lifestyle focusing on wellness.
2. Provide youth cyclist(s) who have the desire to bike with the coaching and camaraderie that will help them achieve both competitive and non-competitive biking skills and goals in a safe and enjoyable manner.
3. Develop an awareness of what it is to be an amateur athlete that is both gracious and respectful to their community.
4. Create an environment in which they may discover new friendships and find role models.
5. Guide students towards learning new skills and disciplines, and introduce the foundations of biking for an important quality of life.
6. Foster a responsible and positive attitude toward the use of roads, trails and wilderness.
7. Promote the value of cycling to our community as a mode of transportation and as a life long sport.

This is a non-profit organization to support any youth cyclist(s), youth cycling club or team(s), youths between the ages of 12-18 years old. We believe the sport of cycling will allow youths to create camaraderie with others, develop strong nutritional skills, build organizational and communication skills, disciplines, safe cycling practices, importance of personal health and fitness, and promote value of biking as a mode of transportation. With schools being introduced to cycling as a youth sport this introduces financial needs for staff, cycling costs for team or independent cyclist(s). Items for financial support include expenses such as insurance, healthy foods, traveling, activities (rides/bike rodeos), speakers, trainers, experts/professionals, etc. We believe the sport of cycling will help develop youths to gain knowledge from public speakers, veteran cyclists, parent volunteers, and coaches. And from fundraisers, school bike club activities, and other community activities, youths will learn camaraderie with others, communication skills, networking, nutrition, technical riding and maintenance skills, organization, safety, and promote the value of biking as a mode of transportation.

All monetary distribution is based on Board of Directors approval for supporting biking activities upon receipt of YBONC grant application.
