Honorable Board of Trustees:

The 2016-2017 Second Interim Financial Statement is submitted for your review. As required by the State Department of Education, the fiscal report has been measured against the State-adopted Criteria and Standards. Based upon this review, I recommend that the Board certify the 2016-2017 Second Interim Financial Statement with a Positive Certification that the District will complete the current and two subsequent fiscal years with a positive fund and cash balance. As the District continues to be challenged by declining enrollment, this recommendation is based on the knowledge that the Board and Administration are committed to making the necessary budget reductions to assure continued financial stability.

The following narrative and detailed financial statements provide an in-depth review of the District's current financial status including the critical multi-year projection information.

Respectfully submitted,

Karen L. Suenram

Assistant Superintendent - Business

Kinen J. Suemin

NJUHSD Options

NJUHSD Mission

All members of our district's educational community will create an environment of understanding and mutual respect that enables each individual to maximize his or her potential and to be successful in his or her future.

NJUHSD Vision

Our district educators provide a multifaceted experience that engages and challenges each student to surpass state and local benchmarks.

What Options are Available?

The Nevada Joint Union High School District strongly supports educational options (choices) for our District's students and parents. We offer the following options:

- Adult Education
- Bear River Comprehensive High School
- Early College High School
- General Educational Development
- Home School Teaching
- Nevada County Jail Program
- Nevada Union Comprehensive High School
- North Point Academy (Independent Study programs)
- NU Tech Continuation High School
- Sierra College (Community College)
- Silver Springs Continuation High School
- Special Education
- Young Parent Program

ADULT EDUCATION

Adult Education is focused on providing basic education and high school equivalency to adult community members. Career training classes are also available.

BEAR RIVER HIGH SCHOOL

Bear River High School, a California Distinguished School, prides itself on fostering personal connections, creating meaningful, varied student opportunities, employing relevant educational contexts and a high level of academic rigor, and preparing our students for the world of college and 21st century careers. Being a Bruin means embracing a multitude of opportunities to shine, through courage, determination, creativity, and curiosity. Our students excel, not only in the classroom, but on the stage, on the athletic fields and courts, in the labs, and in the larger community.

Bear River High School programs and offerings include:

- Advanced Placement and Honors courses
- Career/Technical Education pathways in Computer Science and Digital Media Arts (including A.P. Computer Science and Television Production)
- One of the most successful, acclaimed Future Farmers of America/Agriculture programs in the nation
- Comprehensive performing arts offerings
- Built-in student intervention and enrichment
- Peer tutoring
- Comprehensive student leadership program

EARLY COLLEGE HIGH SCHOOL

The William and Marian Ghidotti Early College High School (ECHS), recognized U.S. Department of Education as a National Blue Ribbon School and by the California Department of Education as a Distinguished School, is an alternative model to traditional high schools. Students attend high school classes on the college campus, and are concurrently enrolled in college courses. This alternative high school is designed for students who thrive in a smaller, nurturing, yet academically challenging environment. Upon graduation from high school, students either receive an AA/AS degree, are ready for transfer to a four-year university, or are prepared for viable employment. There is no cost to the students or their families.

The mission of GECHS is to provide a supportive, rigorous learning community through an individualized academic program that makes higher education more accessible to a diverse population that is reflective of the region's demographics. Our program serves historically disadvantaged students, low-income students, first generation college students, English language learners and other high school students for whom a smooth transition into postsecondary education can be challenging.

GENERAL EDUCATIONAL DEVELOPMENT

GED (General Educational Development) courses, testing and awarding of certificates are available through this District for students 18 and above who have not obtained a high school diploma through other means.

HOME SCHOOL TEACHING

When District students are confined to home because of illness, injury, or other reasons for an extended period of time, the District provides teachers to instruct these students at home so that they may continue with their education.

NEVADA COUNTY JAIL/DETENTION CENTER

This outreach program involves adult wards incarcerated in the Nevada County Jail or Detention Center. Participants can earn a Nevada Union Adult School diploma by completing all District requirements for graduation or completing a General Educational Development (GED) program.

NEVADA UNION HIGH SCHOOL

The District's largest traditional school, recognized by the U.S. Department of Education as a National Blue Ribbon School and the California Department of Education as a Distinguished School, NUHS believes the education provided should develop the potential of each student so that he/she will be informed, prepared and capable of assuming full responsibility for making his or her own decisions. NUHS also offers:

- · Career Tech Education classes
- AP classes(advanced placement)
- · Humanities Academy
- · Partnership (Telecommunications) Academy
- · Green Academy
- Peer Tutoring for general ed
- Peer Tutoring for special needs
- Supported Studies classes
- · Full Visual and Performing Arts Programs
- 24 Athletic Teams
- · Saturday School
- · Before/After School Tutoring
- 1:1 Chromebooks for all students

NORTH POINT ACADEMY

Students receive individualized lesson plans from experienced instructors. The independent study format offers flexibility and one-on-one instruction to students. Students attending NPA may also take up to two classes at the comprehensive high schools.

NU TECH HIGH SCHOOL

An on-site continuation high school on the Nevada Union High School campus provides each student an opportunity to complete the required academic courses of instruction to graduate from high school and the opportunity to receive alternative work experiences and occupational training. This school provides extensive opportunities for personal growth through counseling, individualized interaction with school staff and meaningful school and community activities.

SIERRA COLLEGE (Community College)

High school juniors and seniors residing in the Sierra College District (Nevada/Placer Counties) and with parent and site principal permission may enroll in up to two classes per semester. Additionally, high school students may take AP (advanced placement) high school courses and if they are able to pass the AP exam they may receive college credit for such courses. There are 2+2 plan articulation agreements between the community college and vocational departments of our high school. Participants may receive up to seven credits during their junior and senior year in high school, allowing them to enroll in more advanced courses later.

SILVER SPRINGS HIGH SCHOOL

Designed with an innovative and creative approach, this continuation high school includes the Young Parent Program. Solid core curricular classes are provided in addition to vocational training opportunities. A comprehensive range of medical, psychological, nutritional, transportation and child care services are provided on site.

SPECIAL EDUCATION

Our mission in Special Education is to provide each student with an appropriate education in the least restrictive environment. We believe in high quality, evidence based instruction and services for all students and we believe that all students can learn and succeed.

SECOND INTERIM FINANCIAL STATEMENT

The purpose of this narrative is to provide a summary of the Second Interim Financial Statement. The Second Period Financial Statement is a chance to evaluate the fiscal condition of the School District as of January 31, 2017. It is also an opportunity to identify necessary budget revisions that reflect changes in revenue and expenditure projections..

Significant Financial Issues:

The Nevada Joint Union High School District's student enrollment decline persists. The District Board and staff continue to make necessary reductions to ongoing operations in order to downsize the District's budget as the enrollment declines.

Multi-Year Projections:

The multi-year projections included with this report continue to illustrate a challenging financial future for the District. Ongoing declining enrollment projections will necessitate further reductions as we plan operations for the next two to three years. All program decisions must be weighed carefully in light of these projections.

GENERAL FUND

Projected Enrollment / ADA:

Enrollment and staffing are the key factors in projecting future revenues and expenditures. As always, it is important to make decisions based on multi-year projections that consider the continuing decline in enrollment and corresponding staffing changes.

The draft CBEDS enrollment is 2,665 students; 101 (3.65%) less than the prior year. The good news is that the decline is slowing and that the draft CBEDs enrollment is **62 more students than projected**.

School districts are allowed to claim the greater of the current year or prior year average daily attendance for funding purposes. Because of our declining enrollment status, NJUHSD will continue to claim prior year attendance for funding or average daily attendance of 2,626. The current year projection is 2,478 or 93% of October K-12 regular enrollment.

General Fund Revenues

GENERAL FUND Significant Financial Issues:

2016-2017 will make the fourth year of an entirely revised State funding system for schools. With the adoption of the State budget in 2013-2014, California schools were presented a new funding model; the first major change since the 1970s. The Local Control Funding Formula (LCFF) replaced revenue limit funding and the majority of State-funded categoricals. The categoricals that were eliminated included: Instructional Materials, Professional Block Grant, Pupil Retention Block Grant, School and Library Improvement Block Grant, Class Size Reduction, and CalSAFE.

Complete implementation of LCFF is slated for 2020-2021—an eight year phase in period. LCFF provides a base funding amount per pupil per grade level; additional funding for CTE for high school students; and an add-on for each student that has been identified as low income, English language learner, or foster youth.

	Target 2020- 2021	Adopted Budget 2016-2017 Projected Actual Funding per Student	2nd Interim Budget 2015- 2016 Projected Actual Funding per Student
Base	\$8,578		
CTE Add-On	223		
Supplemental	618		
Total Per Student	\$9,419	\$9,118	\$9,115
Plus Transportation	\$877,639	\$877,639	\$877,639

The State has identified funding to provide for 54.18% of the target amount to K-12 schools. This means that each District should receive 54.18% of the difference between the target funding and 2012-2013 funding. For NJUHSD this amount is estimated at \$941,649 for 2016-2017 which brings the total projected LCFF of \$24,792,163. The LCFF is funded from property taxes and state revenues.

New for NJUHSD this fiscal year is the Basic Aid Supplemental Calculation estimated at \$1,258,102; NJUHSD taxes are projected to exceed the State LCFF calculation. Based on the current tax estimate and because nearly \$7m in taxes are transferred from NJUHSD to the Muir and SAEL charter schools, NJUHSD has become eligible to receive a basic aid supplemental allocation. In addition, \$609,507 is

budgeted as one-time State funding in recognition of basic aid supplemental funding for 2014-2015 and 2015-2016.

Federal Income:

The restricted categorical income was adjusted from adopted to reflect deferred revenues and current apportionment projections.

Other State Income:

The State-funded categorical programs were adjusted to reflect prior year deferred revenue and more current apportionment projections based on the State-adopted budget which includes \$146,184 for the College Readiness grant. The majority of State-funded categoricals have been eliminated under the new LCFF funding model.

Governmental Accounting Standards Board (GASB) Statement 24, Accounting and Financial Reporting for Certain Grants and Other Financial Assistance (GASB 24), requires employers to recognize in their governmental funds any on-behalf contributions to pension plans made by a non- employer contributing entity, such as a state. The on-behalf contribution is recognized by debiting pension contribution expenditures and crediting revenue, similarly to how any grant or financial assistance is recognized.

Longstanding practice in California is that most LEAs have not recognized the state's on-behalf contributions to CalSTRS. Newly adopted GASB 68 makes it necessary for these "on-behalf" payments to be recognized. An amendment to the Second Interim Budget includes \$901,329 as revenue from the State to offset the "on-behalf" expenditures to CalSTRS in the same amount.

Other Local Income:

Local revenues have been adjusted to acknowledge donations received, changes in circumstances related to reimbursable salaries and expenses, and other miscellaneous revenue sources.

General Fund Summary

Expenditures have increased by a net of \$383,704; revenues have increased by \$1,617,285. The increase in revenues is primarily due to the Basic Aid Supplemental funding as described above.

Adult Education Fund (#11):

The school fills many needs in the community such as a program for jail inmates to complete their high school diploma requirements or GED, programs for English language learners, and independent study classes for adult students to obtain a high school diploma. The community helps support these programs through financial support. The Adult Ed program also receives Federal grant revenue. The State budget proposal for 2016-2017 provides ongoing funding for Adult Education in the amount of \$295,714.

Cafeteria Fund (#13):

The Cafeteria Fund is currently projected to deficit spend by \$114,471, which is offset by a contribution from the General Fund. The Bear River and Nevada Union cafeteria staff members continue to work diligently to reduce expenses and increase revenues. The deficit is expected to lessen as the year progresses.

Deferred Maintenance Fund (#14):

The Deferred Maintenance Fund was created to fund state-approved major deferred maintenance within the District. Major repair and replacement of plumbing, heating, air conditioning, electrical, roofing, floor systems, interior and exterior painting, asphalt and wall systems, are approved projects.

Previously, the State required districts to contribute ½ of 1% of total (restricted and unrestricted) budgeted expenditures to this fund in order to receive a State match – or \$140,000. The Local Control Funding Formula eliminated the State's contribution for deferred maintenance. The budget presented, however, continues to provide funding for these vital projects providing a total of \$281,712—representing the previously State-funded grant and the District's required match. This transfer is optional but highly recommended to keep facilities operational.

The complete five-year deferred maintenance plan has previously been approved by the Board. The ending balance for this fund is predicted to be \$175,913.

Special Reserve Fund (#17):

The Special Reserve Fund was established in 1993-94 by the Board of Trustees to accumulate, over a period of school years, funds for other than capital outlay purposes, from other sources including fund balances. In addition, proceeds from the Cash Reserve Program (TRANS) have been deposited with this fund to follow the Board of Trustees direction to attempt to maintain an amount of at least \$250,000 over the state required 3% Designation for Economic Uncertainties (DEU) in the General Fund.

In fiscal year 2013-2014, the Board offered a PARS early retirement incentive through the Public Agency Retirement System to eligible staff. The annual five-year PARS payment to fund the obligation associated with the incentive is \$243,793 and has been set aside and Board-designated in Fund 17. The Special Reserve Fund ending balance at June 30, 2017, is projected to be \$536,405; \$436,750 of this amount is set aside and designated for future PARS payments.

Special Reserve Fund for Postemployment Benefits (#20):

This fund was established in 2000/2001 to account for the negotiated retiree health benefit funds for CSEA members. The District negotiated with the union to transfer \$109,000 per year (1998 – 2021) for the purpose of CSEA retiree health insurance. The District contributes this amount in lieu of salary increases for the 1998-99 school year.

The fund is currently projected to end the year with a balance of \$599,134 that is exclusively designated for the payment of eligible classified employee retirement benefits.

Building Fund - Sale of Bonds (#21):

In March 2002 the Nevada Union High School District passed a \$15 million General Obligation Bond to fund modernization projects at Silver Springs High School and Nevada Union High School, and new construction projects at Bear River High School. This fund was set up by the state to account for these funds.

On August 8, 2002, the District issued 50% of the bonds. The net proceeds from this bond issuance were \$7,498,701. On September 21, 2005, the District issued the remaining bonds totaling \$7,501,299.

The modernization project began at the Nevada Union High School campus in July, 2003. Phase I of the project was completed in December 2005. Phase IIA wrapped up in summer 2006; and phase IIB was subsequently completed in summer 2007. The Nevada Union Cafeteria (Phase IIC) opened for students in November, 2008. The new construction projects at Bear River High School including a Performing Arts Theater and Competition Swimming Pool were finished in fall, 2006. The modernization project at the Park Avenue site was essentially concluded in summer 2005. Nevada Union Modernization Phase IID included J Wing and the Don Baggett Theater. These projects were essentially complete in fiscal year 2012-2013.

By law, the District is required to establish a Bond Oversight Committee. The role of the Committee is to inform the public concerning the District's expenditures of revenues received from the sale of the bonds authorized by the voters on March 5, 2002. The 2002 committee has completed its work and the bond fund was closed. However, this fund will be reopened later this spring to account for the 2016 Bond proceeds!!!

Capital Facilities Fund (#25):

The Capital Facilities Fund has reflected the transactions of two separate funds in the past. The Special Building SB 201 Fund (Fund 68) was created in 1978 to provide interim facilities to an overloaded school district. These funds were set aside for reimbursement to the state for a state school construction project. Revenue is no longer collected under Senate Bill 201 and funds have been transferred into the Facility Development Fund.

The Facility Development Fund was established in January of 1987. The requirements for Developer Fee Justification were significantly changed with the passage of new legislation in 1998. Semi-annually, the State Allocation Board approves adjustments to the maximum developer fee rate required by Government Code Section 65995(b)(3). The amount of the adjustment is determined by the change in the Class B construction index.

MAXIMUM FEE

Based on the June, 2008, Developer Fee Justification study, the Board of Trustees authorized an increase to both the residential and commercial/industrial fees. The District did not do a study in 2012; the most recent study in 2014 resulted in an increased fee in January 2015.

The high school district and elementary school districts serve the same clientele. By agreement the elementary districts share 57% of the residential and commercial/industrial fees; the high school share is 43%.

On May 21, 1997 the State Allocation Board approved construction funding for an addition -- a Library/classroom complex -- to the Bear River High School campus containing 21,339 sq. ft. The State had matching funds for the 50/50 project and the received funding in the amount of \$2,500,000 in Certificates of Participation from Municipal Finance to match the anticipated \$1,798,005 from the State. This 15-year loan will be repaid again through leveraged Developers Fees at a cost of approximately \$240,484 per year is now paid off; the final payment was made in July, 2014!

The bids for the Bear River High School expansion project funded from the 2002 General Obligation Bonds came in over budget. A portion of the Performing Arts Theater and Pool projects has been funded by Developer Fees to cover budget overruns and cleanup of contaminated soil.

The projected fund balance on June 30, 2017, is \$1,189,103.

County School Facilities Fund (#35):

A significant portion of the Nevada Union High School modernization projects were funded with State Modernization dollars. The County School Facilities Fund was required to account for these expenditures and has now been closed.

Special Building Fund (#40)

The Special Building Fund was established to provide funds for capital outlay purposes.

The projected fund balance of \$168,774 is primarily composed of funds collected from the City of Grass Valley Redevelopment Agency.

Bond, Interest, and Redemption Fund (#51)

This fund was established for the repayment of the bonds, by taxpayers, purchased as a result of the March 2002 General Obligation Bond passed by Nevada County voters. Taxes collected as a result of

¹ The NJUHSD Board opted to not increase fees in 2004.

this bond measure will be deposited into this account by the Nevada County Treasurer and will be used to make bond payments.

Proceeds from the sale of the bonds were deposited into Fund 21 to be used for the bond projects.

Fiduciary Type Agency Accounts

Agency accounts include the Student Activity accounts of the individual schools and the Scholarship accounts. These accounts are custodial in nature and do not involve measurement of results of operations. Agency Funds are merely clearing accounts. At any given point in time, agency fund assets are equally offset by related liabilities or by restrictions on use.

Criteria and Standards

In accordance with Chapter 1462, Statutes of 1988, the State Board of Education has adopted Criteria and Standards to be used by local educational agencies (LEAs) in developing their budgets and managing subsequent expenditures.

Every school district conducts a review of its budget to ensure its integrity. This review includes, at a minimum, elements that correspond to the state-adopted Criteria and Standards for reviewing budgets. The Superintendent of the District certifies that such a review has been conducted.

Part i	- General	i Aaministra	itive Spare	or Plant	Services	COSTS

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000)

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.

Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

NEVADA UNION HIGH SCHOOL DISTRICT MULTI- YEAR PROJECTION

As required by law, the District must certify that the financial obligations for the current fiscal year and two subsequent fiscal years can be met. As part of this analysis the District completes a three-year projection of revenues and expenditures for both unrestricted and restricted funds.

The multi-year projections are based on assumptions provided by School Services of California, the Nevada County Superintendent of Schools and the District's enrollment projections using a one-year cohort method. This method uses the enrollment from the feeder districts and calculates the average change in a class from one year to the next.

Declining enrollment in Nevada County continues to be a challenge. District reserves have helped to mitigate the decline, however, it is extremely important that the budget is downsized every year as enrollment decreases. Delaying reductions only exacerbates the problem in future years. The District must plan on making fiscally sound reductions in revenue, expenditures, and services, while maintaining high standards in our instructional programs.

7. CRITERION: Facilities Maintenance

STANDARD: Identify changes that have occurred since first interim projections in the projected contributions for facilities maintenance funding as required pursuant to Education Code Section 17070.75, or in how the district is providing adequately to preserve the functionality of its facilities for their normal life in accordance with Education Code sections 52060(d)(1) and 17002(d)(1).

Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75, as amended by AB 104 (Chapter 13, Statutes of 2015), effective 2015-16 and 2016-17 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: AB 104 (Chapter 13, Statutes of 2015) requires the district to deposit into the account, for the 2015-16 and 2016-17 fiscal years, a minimum amount that is the lesser of 3% of the total general fund expenditures and other financing uses for that fiscal year or the amount that the district deposited into the account for the 2014-15 fiscal year.

DATA ENTRY: For the Required Minimum Contribution, enter the lesser of 3% of the total general fund expenditures and other financing uses for the current year or the amount that the district deposited into the account for the 2014-15 fiscal year. If EC 17070.75(e)(1) and (e)(2) apply, input 3%. First Interim data that exists will be extracted; otherwise, enter First Interim data into lines 1 and 2. All other data are extracted.

8. CRITERION: Deficit Spending

STANDARD: Unrestricted deficit spending (total unrestricted expenditures and other financing uses is greater than total unrestricted revenues and other financing sources) as a percentage of total unrestricted expenditures and other financing uses, has not exceeded one-third of the district's available reserves¹ as a percentage of total expenditures and other financing uses² in any of the current fiscal year or two subsequent fiscal years.

'Available reserves are the unrestricted amounts in the Reserve for Economic Uncertainties and the Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

²A school district that is the Administrative Unit of a Special Education Local Plan Area (SELPA) may exclude from its expenditures the distribution of funds to its participating members.

S8. Status of Labor Agreements

Analyze the status of employee labor agreements, Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
